Index numbers of declared values of imports and exports for the Madras Province for February 1941.

The index number of declared value of foreign imports for February 1941 fell by nine points to 128 due partly to a fall in the declared values of coconut oil and betelnuts.

The index number of declared value of consumable imports advanced by seven points to 114 due partly to an increase in the declared values of pulse, wheat, flour and rice and in the rank.

Madras, 10th April 1941.

Statistics—Cotton—1940-41—Fifth or final report.

The average of the area under cotton in the Madras Province during the five years ending 1938-39 has represented 6·7 per cent of the total area under cotton in India.

2. The area under cotton in the Madras Province in 1940-41 is estimated at 2,390,600 acres as against 2,406,200 acres for the corresponding period of last year and 2,320,500 acres according to the forecast report issued in February. The present estimate for the Province represents an increase of 7·6 per cent as compared with the finally recorded area of 2,222,197 acres in 1939-40. The final estimate of last year falls short of the estimate by 0·7 per cent.

3. The increase in area in the current year as compared with the area in 1939-40 occurs in all the important cotton growing districts of the Province outside Kurnool, Nellore, Ramnad and Tinnevelly. The increase is marked in Guntur, Anantapur, Cuddapah, Salem, Coimbatore (plus 98,300 acres) and Madura (plus 81,700 acres). The area estimated in respect of Coimbatore is the highest reported in recent years whilst the area estimated in respect of Nellore is the lowest reported in recent years.

Ginning of cotton is in progress and may be finished in about a month.

4. The crop was affected to some extent by the attacks of insects in Kistna, Guntur and Coimbatore and by heavy rains in Coimbatore, Ramnad and Tinnevelly.

Normal yield is expected in Vizagapatam, Chingleput, Chittoor, North Arcot, Salem, Trichinopoly (irrigated Cambodia only), Tanjore, Madura and South Kanara. A yield below normal is reported from the other districts of the Province. The estimated yield is very low in Tinnevelly (4 per cent for unirrigated Cambodia and 83 per cent for irrigated Cambodia), Kurnool (77 per cent) and Nellore (71 per cent).

The seasonal factor for the Province as a whole works out to 91 per cent of the average for both irrigated and unirrigated cotton, the corresponding figures according to the Season and Crop Report of last year being 92 and 94 per cent, respectively. On this basis, the yield works out to 503,400 bales of 400 lb. lint as against 455,190 bales of last year which represents an increase of 10·6 per cent. The yield in an average year is estimated at 548,630 bales. It is, however, too early to estimate the yield with accuracy as much will depend on future weather conditions and their effect on the second crop and on the amount of damage done by insect pests.

5. The estimated area and yield under the several varieties are given below :—

(Area in hundreds of acres (i.e., 00 hereof omitted); yield in hundreds of bales of 400 lb. lint, (i.e., 00 being omitted.)

The early sown crop in the Deltas, however, generally comes into the market from December in each year. The figures are taken from the weekly returns furnished by mills and presses.

NOTE (2). — Items (2) and (3).—The figures are approximate.

7. The average wholesale price of cotton lint per imperial maund of 82-2/7 lb. equivalent to 3,200 tolas as reported from important markets on 7th April 1941 was about Rs. 14 for Coconadas, Rs. 17-8-0 for White Northerns, Rs. 18-2-0 for Red Northerns, Rs. 13-8-0 for Westerns (Mungari crop), Rs. 20-13-0 for Westerns (Hingari crop), Rs. 32-13-0 for Coimbatore Cambodia, Rs. 19-15-0 for Southern Cambodia, Rs. 32-3-0 for Coimbatore Karunganni, Rs. 23-4-0 for Tinnevelly Karunganni, Rs. 27-14-0 for Tinnevellies and Rs. 20-4-0 for Nadam cotton. When compared with the prices published in the last report *i.e.*, those which prevailed on 3rd February 1941, these prices reveal a rise of 27 per cent in the case of Nadam, 22 per cent in the case of Coimbatore Karunganni, 19 per cent in the case of Coimbatore Cambodia, 11 per cent in the case of Tinnevellies, 10 per cent in the case of Red Northerns, 6 per cent in the case of Coconadas, 4 per cent in the case of White Northerns and 3 per cent in the case of Westerns (Mungari crop).

GOVERNMENT OF INDIA.

LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Bill * was introduced in the Legislative Assembly on the 1st April 1941 :—

L.A. BILL No. 22 OF 1941.

A Bill to regulate the extent to which railway property shall be liable to taxation imposed by an authority within a Province.

WHEREAS it is expedient to regulate the extent to which property vested in His Majesty for the purposes of the Central Government, being property of a railway, shall be liable to taxation imposed by an authority within a Province; It is hereby enacted as follows:—

Short title and extent.

1. (1) This Act may be called the Railways (Local Authorities' Taxation) Act, 1941.

(2) It extends to the whole of British India.

* The Governor General has been pleased to give the sanction required by sub-section (3) of section 67 of the Government of India Act, as saved from repeal by paragraph 12 of the Government of India (Commencement and Transitory Provisions) Order, 1936, to the introduction in the Legislative Assembly of this Bill.

Definitions.

2. In this Act,—

(a) "local authority" means a local authority as defined in the General Clauses Act, 1897, and includes any authority X of 1897.
legally entitled to or entrusted with the control or management of any fund for the maintenance of watchmen or for the conservancy of a river;

(b) "railway administration" has the meaning assigned to the expression in clause (6) of section 3 of the Indian Railways IX of 1890.
Act 1890.

Liability of railway administration to pay taxes.

3. (1) In respect of property vested in His Majesty for the purposes of the Central Government being property of a railway, a railway administration shall be liable to pay a tax in aid of the funds of any local authority if and in such extent as the Central Government, by notification in the official Gazette, declares it to be so liable.

(2) A notification issued under sub-section (1) may modify any tax in the notification to any railway administration, and in particular and without prejudice to the generality of the foregoing power may remit the whole or part of the tax in respect of all or any part of the property of the railway administration, or may define the manner in which the tax shall be assessed on any such property or may exempt any particular property or class of property or any specified area from the whole or any portion of the tax.

(3) While a notification under sub-section (1) is in force, the railway administration shall be liable to pay to the local authority either the tax mentioned in the notification or in lieu thereof such sum if any, as an officer appointed in this behalf by the Central Government may, having regard to all the circumstances of the case from time to time determine to be fair and reasonable.

Modification of existing liability to taxation.

4. The Central Government may, by notification in the official Gazette, revoke or vary any notification issued under clause (2) of section 135 of the Indian Railways Act 1890; and where a notification IX of 1890.
is so revoked any liability arising out of the notification to pay any tax to any local authority shall cease, and where a notification is so varied the liability arising out of the notification shall be varied accordingly.

Saving

5. Nothing in this Act shall be construed as debarring any railway administration administering a railway from entering into a contract with any local authority for the supply of water or light or for the rearranging of railway premises, or for any other services which the local authority may be rendering or be prepared to render within any part of the local area under its control.

STATEMENT OF OBJECTS AND REASONS.

Section 135 of the Indian Railways Act, 1890, provided that no railway property could be subjected to a tax by a local body, unless the Governor-General in Council had by notification declared the railway administration concerned to be liable to pay the tax. The Governor General in Council could at any time revoke or vary such a notification. Although the section is still in force, it can no longer be applied to State-owned railways because of the provisions of section 141 of the Government of India Act 1935. This exempts State-owned railway property from property or local taxation except in so far as legislation may otherwise provide but all the taxes payable by virtue of notifications issued under the Indian Railways Act before 1st April 1937 continue to be payable until legislation otherwise provides. The position thus is that until such a law is enacted, no new tax can be imposed in respect of such property, nor can any existing notification in respect of such property be varied or revoked.

2. A Bill to restore the position which existed prior to 1st April 1937 was introduced in the Legislative Assembly in 1939, but it could not be proceeded with before the dissolution of the Assembly. Fears were expressed that the Bill would confer an unfair advantage on railways at the expense of Provincial Governments and local bodies and a number of criticisms were also based on the form which the Bill took. Accordingly, the rejection of the Bill has resulted in numerous meetings at the instance of taxing authorities, and representations have been made to the Government of India by Provincial Governments in favour of the enactment of legislation.

3. Moreover, the Government of India have been advised that the provision to be made in Bill of the Government of India Act, 1935, does not include property acquired by Government after the 31st March 1937 and is confined to such property as it was subject to taxation on that date. Local authorities have therefore also suffered loss of revenue from taxation in respect of the property of newly formed railway administrations recently purchased by Government and, in the absence of legislation, are likely to lose further revenue in the future.

4. It is therefore desirable to restore the position which existed prior to the 1st April 1937 by enabling the Central Government to impose, vary or revoke not withstanding the bar by law to taxation by local bodies of all State-owned railways whether acquired before or after that date. The Bill in its substantial effect is similar to the Bill of 1939, but it has been modified in form to meet objections that were taken to that measure.
